Frank Marcus, Mexican, Takes Rubbers; Jailed After Struggle

Frank Marcus, 28 years old, a Mexican, is at the city jail on a charge of assault with a deadly weapon as the result of an alleged attempt on his part to steal a pair of rubbers this morning.

While passing the L. Barsotti store, 159 Twenty-fifth street, Marcus took a pair of rubbers, the police say. He was seen by A. Ackerman, 132 Twenty-fifth street. Ackerman seized Marcus and rushed him into the Barsotti store. Marcus attempted to draw a gun but was seized by Ackerman and S. Rubin.

The police were notified and Detective Everett Noble and Chauffeur D. F. Hawkins responded.

After a brief struggle, Detective Noble succeeded in wresting the weapon from Marcus' hand. It was found that the revolver, a heavy gun of the police type, was loaded in four of the six chambers.

While being booked at the police station Marcus stated he had purchased the gun so he would not have to fight. "If they fight me, they quit soon," he said. "I've got a gun."

It was necessary for Detective Noble to handcuff Marcus, the Mexican violently resisting arrest.

## CARNIVOROUS RODENT LOOSE IN HOSPITAL

L. P. Combe, a patient at the Dee hospital, has a weird story to tell about a carnivorous rodent and two toes.

Mr. Combe had his foot crushed in the local railroad yards some time ago. He was taken to the hospital.

Since that time his leg has been suspended from a rack. He has little "feeling" in his leg, he says. One night he felt something gnawing at his toe. For a time he thought probably it was nothing more than reaction of his nerves.

But the gnawing kept on. Finally he shouted for a nurse. She turned on the light.

The gnawing suddenly stopped and the gnawer, which was nothing more than a mouse, scampered down Mr. Combe's leg and away.

Mr. Combe said at the hospital yesterday that his third toe was eaten nearly to the bone and the mouse had just started to nibble on his little toe when finally it became apparent to Mr. Combe that all was not well with his pedal digits.

For two days a trap baited with cheese was laid for the rodent, but the trapping bit was ignored. The nurse cornered the mouse in a dresser drawer, however, and ended its career.

## Musical of High Priests Successful

Attracting a capacity audience, a musical was given in the Ogden tabernacle last night under the auspices of the high priests' union of the Ogden stake, in which some of the best talent in the city, including the tabernacle choir, was heard.

The purpose of the concert was to raise funds for the benefit of survivors of deceased members of the quorum, this being a feature of the fraternity work of the high priests of the stake.

The large audience listened with rapt attention to the vocal and instrumental selections and showed their appreciation in rounds of applause.

Included among the artists were Miss Helen Hunter, cellist; Miss Mary Fisher, violinist; Miss Gladys Peterson, pianist; Axel Nylander, flute soloist; and Lawrence Maddock, accompanist.

Alfred Best, tenor, of Salt Lake, and Miss Marian Sharp, soprano, of Salt Lake, displayed great talent in the rendition of their solos.

The selections rendered by the tabernacle choir proved, as usual, to be pleasing to the audience.

## SHELL SHOCKED CANADIAN IS DEPRIVED OF MEMORY

OAKLAND, Cal., Dec. 30.—Appearing at the Oakland police station Tuesday night, Albert McLeod, who said he resided with his wife near Clifton, Wash., asked what day it was and what town he was in. When informed, he broke down and wept, relating a story that on or about December 15, he killed his wife good-bye and drove a team of horses to town with a load of potatoes. He remembered nothing more until he awoke here Wednesday.

He was taken to a city hospital upon the request of ex-servicemen, who investigated his story.

McLeod, who said he served in France with the Canadian army, where he was shell shocked, gassed and wounded, told the police he had been suffering for many months and that his wife, a former Red Cross nurse, cared for him. The local post of the American legion is waiting word from McLeod's relatives.

## PREDICTED WORLD'S END; DENVER 'PROPHET' HELD

DENVER, Colo., Dec. 30.—Joshua Sykes, self-proclaimed king of heaven and earth and leader of the sect of the House of David, was arrested here Wednesday on a charge of operating a confidence game.

The warrant on which Sykes was arrested charges that he defrauded Ernest Lampert, a former member of his flock, out of \$150 by prophesying the end of the earth. Lampert was persuaded, the information states, that he would have no further use for his worldly goods, and he gave his last dollar to Sykes.

The information also mentions the name of Anna Spilchiger, who, it is alleged, was fleeced out of \$100 in California a year ago by the same means.

A paper collar has been made to protect the stems of delicate plants after they have been planted.

## Rabbit Drive May Be Held on Sunday

The rabbit hunt which was recently proposed for Ogden sportsmen and scheduled for Sunday, January 9, will in all probability be held next Sunday, according to information given out today by Ernie Ford. Arrangements for a special train for the hunt were completed today with railroad officials. The special will be furnished providing 125 local sportsmen make the trip.

Farmers of Blue Creek, where the hunt will be staged, have informed government officials that the rabbits in that section are plentiful and that they are ruining crops and property. Horses and wagons necessary for use in bringing the rabbits from the fields to the train will be supplied by the farmers, it is stated.

More than seventy-five Ogdenites have signified their intention of going on the trip, according to Mr. Ford, and all interested are requested to call Mr. Ford at 737 for further particulars.

The train will depart from Ogden early Sunday morning and will return in the afternoon. Bunnies obtained on the trip will be given to the Salvation Army and other charitable organizations to be turned over to the poor of the city.

## CANADIAN BROTHERHOOD OF ENGINEERS ATTACKED

OTTAWA, Ont., Dec. 30.—The charter of the Canadian Brotherhood of Railway Engineers has been revoked, Tom Moore, president of the Canadian head of labor congress, announced Wednesday. The union comprises more than 12,000 railway workers, the majority of whom are employed on the Canadian National railways.

The bishop added: "Fully \$5,000 boxes that he would have no further use for his worldly goods, and he gave his last dollar to Sykes."
